Supplier Registration Overview

We offer customized end-to-end maritime and logistics solutions including transportation and supply chain solutions

The registration will allow corporate vendors to participate in Milaha Tenders and be eligible to receive Request for Quotations ("RFQ"), Request for Proposals ("RFP"), Request for Information ("RFI") and Invitations to Tender ("ITT") for the supply of materials, commodities, goods, and provisions of services.

The information submitted via the Vendor Registration Portal will be reviewed for compliance with Milaha's requirements.

After completion and upon approval of registration by Milaha, vendors will be notified of their registration along with their unique Vendor Account Code/Number.

Notification of registration does not signify nor confirm Milaha's qualification or pre-qualification of any entity or any type of commodity or scope of work.

The award of any business by Milaha will follow established procedures for tendering, bidding, evaluation, and award.

Milaha reserves the right to reject any vendor registration for any reason, including cases where vendors did not submit all relevant documents.

Registered vendors must keep their contact information up-to-date.
