

**IMPORT AND EXPORT CHARGES AT JEBEL ALI**

## DEFINITIONS

| Term | Full Form                                     | Definitions                                                                                                                                                                                                         |
|------|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| DDO  | Digital Delivery Order                        | A digital document from the shipping line authorizing the receiver to collect goods from the port.                                                                                                                  |
| ISPS | International Ship and Port Facility Security | A global security code that ensures safety of ships and port facilities from threats such as terrorism or unauthorized access.                                                                                      |
| CMC  | Container Maintenance Charge                  | A fee charged by the shipping line to cover the cost of cleaning, repairing, and maintaining containers.                                                                                                            |
| OOG  | Out-of-Gauge                                  | Cargo that is too large or irregular in shape to fit inside a standard shipping container.                                                                                                                          |
| DNOC | Digital Non-Objection Charge                  | A fee applied for issuing a digital clearance or approval that allows the consignee to collect goods from the port without needing physical documents.                                                              |
| B/L  | Bill of Lading                                | A legal document issued by a carrier that confirms receipt of cargo, details the shipment, and serves as a contract outlining the terms of transport between the shipper and carrier.                               |
| DO   | Delivery Order                                | A document issued by the carrier or agent authorising the consignee to collect the cargo from the port or warehouse.                                                                                                |
| SOC  | Shipper-Owned Container                       | A shipping container provided and owned by the shipper, rather than the carrier, for transporting goods.                                                                                                            |
| DPW  | DP World Terminal                             | A container port or terminal operated by DP World for handling cargo and shipping operations.                                                                                                                       |
| DG   | Dangerous Goods                               | Cargo containing hazardous materials or substances that pose a risk to health, safety, property, or the environment, requiring specialised handling and compliance with strict safety regulations during transport. |

## IMPORT TARIFF AT JEBEL ALI
